## Technology is evolving. So is the way people see a doctor.

As a pioneer in telehealth, MDLIVE is driving the revolution. Our physician-focused company has blended the lines between clinical excellence and technological genius, resulting in a patient experience unlike any other. If you're a board-certified physician who is among the very best, we invite you to discover the many advantages of joining the brightest team in telehealth!

## WHY MDLIVE?

### Set your own schedule

Since telehealth is 24/7/365, you'll enjoy the freedom to treat patients online at your convenience.

### Increased availability

MDLIVE removes the barriers to healthcare access, allowing you to see patients who might otherwise not be able to make it into a doctor's office due to being homebound, having busy schedules or traveling.

### Ease of use

Apple... Android... The MDLIVE App makes it simple for your patients to connect with you, and cut down on missed appointments.

### Virtual visits are now easier than ever!

- Treat patients via secure video or phone
- Document consultations online
- Send prescriptions electronically
- Access patient health records
